BOOK OF JAMES – LESSON 3

SCRIPTURES TO READ:- JAMES 1:5-8 THEME; 'THE MEASURE OF A CHRISTIAN.'

In the last lesson, we studied about how Christians should look upon the trials of life. We learned that trials can turn out to be a blessing for us, especially for character development.

In verse 5, James talked about asking wisdom from God and this is related to the context of the trials that he taught from verses 2-4.

1. How do you think 'wisdom' is related to 'trials'? Can wisdom be of help? It will even be better if some of you can share your experiences within this context.

2. What was James advice about the wisdom that he was sharing? How does one get this 'wisdom' and what should be the attitude in order to receive it? (James 1:6-7)

3. What did James describe the person who doubts to be like? Discuss as to how we can eradicate or minimize our doubts?

Conclusion:-

Pray that God will fill us with divine wisdom; wisdom to live and wisdom to face trials.
